Signed Date

(2637) Thank you Richard Wastling

Cllr Gunnis advised the Clerk he had bought and passed the vouchers on to Richard.

(2638) Telephone Poles

Clerk had received a response from Cllr Whyte advising that she did not have a list of places where poles would be installed but where KCom are the suppliers you are likely to get telegraph poles.

(2639) Nuclear Waste Disposal Plans

Cllrs Urry & Gunnis had attended the meeting at Aldbrough which was very informative. The plans have been stopped at the moment, but it will not be indefinitely as every country has to get rid of its own waste so will need to go somewhere.

Correspondence

Cllr Greenbank had been to the property in Westlands Road and believes the main problem is that the footpath cambers, so all the water runs down into the bungalow. Clerk to contact ERYC to see if they can send anyone to take a further look.

The next Holderness Health Liaison forum will be on 15th April. Clerk to pass on details to Cllr Cockbill.

Clerk read out an update on the Dogger Bank project advising that the opportunity to produce green hydrogen at a dedicated onshore facility with shortlisted locations of Aldbrough and Saltend had been retired from the project as all focus was now Creyke Beck Substation near Cottingham.
